PRE-PROFESSIONAL EXPERIENCE

NexBridge Technologies, Inc.

Feb 2024 – May 2024

Full-Stack Developer (Intern)

PROJECTS

Arnis E-Motion

- Developed a desktop application utilizing Kinect V2 to accurately detect and analyze Arnis stances for educational purposes, aiding PE instructors in teaching students.

Loan Management System

- Developed a web-based platform to efficiently manage customer data and dynamically calculate interest rates based on loan duration, enhancing the accuracy and speed of loan processing.

Booque

- Created a web interface for a mobile application that tracks business activities, analyzes profit margins, and manages event bookings, providing users with real-time insights for better decision-making.
